AXA Art Americas Corporation
Policy Highlights

Private/Corporate Collections Coverage

At AXA ART, we understand a collector's passion for fine art and collectibles as well as his or her desire for expert service, responsiveness, and confidentiality. As such, we deliver the highest standard of professionalism and expertise to our private and corporate clients as well as to their brokers.

Because AXA ART has a deeper understanding of the risks involved, far superior than that of a traditional multi-line insurer, we can provide important and focused benefits. AXA ART underwriters are seasoned insurance professionals with training in fine art. Our staff can assist with various insurance options and take the guesswork out of choosing the best coverage for our brokers and their clients.
